“More prana the body consumes, more wealth comes. It’s a simple law.”
-Yogi Bhajan

Prana is the essential life force within each of us, and the vehicle for this force is the breath. All knowledge, wisdom, health and prosperity come through this breath of life. The simplest way to change your life is to change your breath.

We have ten bodies: a soul, three mental bodies, a physical body, an arcline and aura, a pranic body, a subtle body and a radiant body. The pranic body is the 8th body, and so on the 26th day of January, which is a day of 8 ($2 + 6 = 8$), we will strengthen the pranic body, deepening our relationship with the breath and activating the flow of prosperity and happiness that is every human being’s birthright.

“May we all understand, in the breath of life we can be Infinite and with our fearlessness and character, we can achieve all the riches of the earth to share them with mankind.”
-Yogi Bhajan
